03. CREDIT & TERMS OF PAYMENT

All advertising is payable in advance unless advertiser has established credit with the newspaper's Business Office. To establish credit, a specific Credit Application/Information form must be filled out and signed by proper authority of firm making application. All credit checks must be confirmed in writing by firms given as references. To avoid delay in establishing credit, be sure credit reference information is accurate and complete. After credit is established, all space will be billed on the last day of the month, and will be due on receipt. All credit accounts are billed at the earned rate. Any credit account not paid in full by the next billing period will be considered past due and subject to termination of service. All political, transient, "Going Out Of Business," "Closing Up," "Liquidation" or advertisements of a similar nature, are payable in advance.

04. RATE POLICIES

- [A] The Cedartown Standard (and affiliate publications) reserves the right to revise advertising rates at any time. Every prudent effort will be made, but is not guaranteed, to give 30 days notice of any rate revision.
- [B] Advertising accounts with The Cedartown Standard are opened under the condition that advertising space is to be used exclusively for a specific advertiser operating under business' specific trade name. The space cannot be given, sold, or transferred in whole or part to any other firm, corporation, or individual. In the event of one common owner operating several like businesses under different names, an account may be opened in a common name and all space used may be applied to that one account in order to earn a more favorable rate. However in such a case, the several accounts will be treated as one for billing purposes, and invoice will not identify individual trade name transactions.
- [C] Multiple Listing Provision
Advertising of a merchandising nature containing names of more than one firm, to be billed to one of the listed firms, will be charged at the current open rate. As an alternative, provided all firms listed within the ad have open accounts in good standing, the space may be pro-rated and billed to the individual firms at their respective earned rate. In the event of a legitimate organization placing ad, listing names of individual firms associated with the organization is permissible and space will be charged at the organization's earned rate, provided such advertising is not of an individual merchandising nature or containing multiple logos.
- [D] See item 13 for other essential regulations regarding copy, acceptability, position, error adjustments, etc.
